INTRODUCTION

It is an entrepreneurship that was inception in 2011 under the name Brij Laxmi Women Education Society with an aim of imparting quality education to develop educational awareness with various competitive exams, skill oriented courses and to shape future citizens of India.

Our initial step was with inception of PRAGYAN SCHOOL. The efficient devoted staff has set a new trend in the field of education, we wanted to impart quality standard of education.

AIMS & OBJECTIVES

The main aim of the school is imbibed in the motto of PRAGYAN ENGLISH MEDIUM SCHOOL. **Success, wealth name and fame naturally follow a person having courage and determination. Fifteen to twenty years down the road, when the student is expected to face this world all by him/her self, it will be his/her attitude and not the aptitude which will ultimately decide his/her altitude.** The focus will be on strengthening the core values like courage confidence strength honesty integrity and patriotism to build a positive character, which ultimately stands tall and strong in the ups and down of life.

Last but not the least, the school will try to bring leadership qualities in a child through various personality development programmes so as to enable him/her to become a mature and responsible citizen of shining India.
