“Education makes people easy to lead. But difficult to drive, easy to govern but impossible to enslave.”

Each day when I walk the school aisle, I hear the chatter of eager minds, the excitement from the victorious athletes, the thump of dance feet and the sound of melodious voices harmonizing. We with a different perceptive, allow our students to relish their childhood.

We value individualism and try to inculcate creativity, innovation and confidence. Beside rigorous scholastic programs, the school has mark its name in all spheres such as art and craft, music, variety of sports, environmental conservation activities and the list goes on.... We give our Pragyans the best possible opportunities in order to bestow them with holistic development. Whether the student is an introvert or an extrovert personality, the aim is to nurture the child into self-motivated individual. We will continue to strive in producing reliable citizens of the country who will go out into the world and make us proud. There are challenges ahead us, however, keeping in mind our school motto 'Goodness before Greatness' will surely make a great difference. I am certain with the support of staff, parents and students the school will reach greater heights in the years to come.

तुमने ही सखिया सही गलत मैं अंतर माँ |
तुम ही हो मेरी सूरज और चन्द्रमा | |
तुम्हारे बनि एक पल भी ना रह पाऊं मैं |
तुम हो तो मैं हूँ, तुम नहीं तो कुछ नहीं | |
तुमसे ही सीखी है मैंने चीजें नई-नई |
आँखें भर जाती है मेरी अगर तुम दुखी होती हो | |
झूम उठता है दलि मेरा अगर तुम खुश होती हो |
माथे पर तुम्हारे एक शकिन देखकर चति मैं पढ़ जाती हूँ मैं | |
तुम यदा खलि-खलिकर मुस्कुरा दो तो फूली नहीं समाती हूँ मैं |
मैं तुमसे दूर एक पल भी नहीं रह पाऊंगी | |
वादा करो मुझसे मेरी प्यारी माँ कभी मुझे छोड़कर नहीं जाओगी |

काश होती बहन हमारी | होती हमें जान से प्यारी | |

जब माँ डाँटती-फटकारती | पति के सामने सहम जाती | |
मगर चुपके से पास हमारे | आये गोदी में छपि जाती | |
स्कूल के लिये जब माँ सुबह जगाती | खाट पर हमारी लोई में छपि जाती | |
सावन में जब राखी का त्यौहार आता | कहती साथ चलूंगी हाट भैया | |
अपनी पसंद की राखी लाऊंगी | कलाई पर तुम्हारी राखी बांधुंगी | |
यह रक्त्ता हमारे जीवन में आयी | बहन की कमी हमें सताई | |

EDUCATIONAL ACTIVITIES

On 15th august

we have gathered here to celebrate this great national event. As we all know that Independence day is an auspicious occasion for all of us.

India's Independence Day is the most important day to all the Indian citizens and has been mentioned forever in the history. It is the day when we got freedom from the British rule after many years of hard struggle by the great freedom fighters of India. We celebrate independence day every year on 15th of August to remember the first day of freedom of India as well as remember all the sacrifices of the great leaders who have sacrificed their lives in getting freedom for India.

Colors day celebration in our school on 22/10/2016.

National Color Day is observed annually on October 22. Color has the power to affect a mood, draw attention, even cause alarm. It is hard to imagine the world without color. Without color, we would nearly be blind. Doctors check for health through the color of a patient's skin. On a cool late summer morning, sparkling frost and leaves changing from green to vermilion signals a change of seasons. A flush of color in the cheeks of friend sends a cue of her embarrassment.

Healthy food Competition celebrated in our school on 25/10/2016.

Healthy eating means eating a variety of foods that give you the nutrients you need to maintain your health, feel good, and

have energy. These nutrients include protein, carbohydrates, fat, water, vitamins, and minerals.

Nutrition is important for everyone. When combined with being physically active and maintaining a healthy weight, eating well is an excellent way to help your body stay strong and healthy. If you have a history of breast cancer or are currently undergoing treatment, eating well is especially important for you. What you eat can affect your immune system, your mood, and your energy level.

Drawing competition was organized in our school on 03/09/2016 from nursery to class VIII classes.

The House-Tree-Person (H-T-P) projective technique developed by John Buck was originally an outgrowth of the Goodenough scale utilized to assess intellectual functioning. Buck felt artistic creativity represented a stream of personality characteristics that flowed onto graphic art. He believed that through drawings, subjects objectified unconscious difficulties by sketching the inner image of primary process.

Since it was assumed that the content and quality of the H-T-P was not attributable to the stimulus itself, he believed it had to be rooted in the individual's basic personality. Since the H-T-P was an outcropping of an intelligence test, Buck developed a quantitative scoring system to appraise gross classification levels of intelligence along with a qualitative interpretive analysis to appraise global personality characteristics.

On 20/07/2016 held tree plantation programme

Since the dawn of civilization man has a close relation with nature. Man has made friendship with nature. Nature helps us in many ways. Similarly trees are closely related to our life. They are our friends. Trees play an important role in our life and economy.

In terrestrial ecosystems, ecological processes and patterns within focal patches frequently depend on their matrix. Crop fields (focal patches) are often surrounded by a mosaic of other land-use types (matrix), which may act as habitats for organisms and differ in terms of the immigration activities of organisms to the fields. We examined whether matrix quality affects wild pollinator abundance in crop fields, given that the species (*Apis cerana*) generally nest in the cavities of natural trees. We examined fields of a pollination-dependent crop surrounded by plantations and natural forests, which comprised the matrix. Our analysis revealed a clear positive effect of the natural forest on the pollinator abundance, but the plantation forest had little effects. These indicate that agricultural patches are influenced by their matrix quality and the resulting crop pollinator abundance, suggesting the importance of matrix management initiatives such as forest restoration surrounding agricultural fields to improve crop production.

On 29/07/2016, we organised a debate Competition for students of class VIth to XIIth.

The topic was caste reservations. Reservations are considered a positive discrimination. When there are two parties which are not equal then it is not fair to treat them equally. The existing situation of inequality has to be removed first. How to do it? The most disadvantaged among the two has to be provided with a positively discriminated treatment so that they can make use of the opportunity to become equals. Hence Reservations in case of Sc/St and Women are inevitable for a rapidly developing nation like ours. Reservations reflect the principle of "EQUALITY" enshrined in the Constitution.

मनोवज्ञान के अनुसार तीन प्रकार की सीखने की क्षमताएं व्यक्तियों में होती हैं | auditory(सुनकर सीखने की), वसुअल(देखकर सीखने की) तथा kinesthetic(करके सीखने की) | इनमे से एक सभी में बचपन से होती ही है | कोई बच्चा सुनकर सीखता है, कोई बच्चा देखकर सीखता है तथा कोई जो चीजों को स्वं बार बार न करले नहीं सीख पाता है | इसका अर्थ यह हुआ की प्रारंभिक कक्षाओं में शक्तिषण वधियीं में कई चीजों का समावेश कयिा जाना अत्यंत आवश्यक है | चाहे स्कूल हों या घर | जसिमे सबसे पहले गायन अथवा लय के साथ सखिया जाना जैसे अक्षर, पहाड़े, संख्या इत्यादि | visual के लएि बहुत से चत्तिरों अथवा फ़्लैश कार्ड्स के माध्यम से सखिया जाना जसिमे फल फूल, सब्जयीं के नाम, जानवर, वस्तुएं तथा वर्णों को जोड़कर अक्षर तथा मात्राओं का ज्ञान, अंग्रेजी के शब्द बनाये जाना तथा वर्णों की ध्वनयिाँ सखिाई जा सकती है | kinesthetic के लएि भी फ़्लैश कार्ड्स सर्वोत्तम माध्यम हो सकते हैं | कार्ड्स को बच्चो के सामने बखिर कर तथा चत्तिर दखिाकर कई शब्द बनवाये जा सकते हैं | कई अन्य और क्रयिा कलाप भी करवाए जा सकते हैं | इन सभी के आलावा भी शक्तिषक अपने वविक के अनुसार कई वधियिाँ वकिसत कर सकते हैं | वशिष यह है की ये तीन प्रकार के लर्नर्स को ध्यान में रखकर कयिा जाए | इस लेख के माध्यम से अभभावकों को यह जानकारी देने का प्रयास कयिा गया है कविे यह जानें की उनके पाल्य में कसि प्रकार की सीखने की क्षमता है और उसी के माध्यम से उसे मार्गदर्शन दयिा जाए | मारकर, डांटकर या अन्य बच्चों से तुलना करके सखिाने का प्रयास कभी न करें अन्यथा आप अपने बच्चे को पढाई से बहुत दूर ले जायेंगे | पढाई उसके लएि और बोझलि हो जायेगी जो कपिहले से ही कुछ है | बच्चो पर दवाब डालने से पहले उनकी दनिचर्या पर गौर करें स्कूल समय पर पहुँचने के लएि 30-40 मनिटि पहले घर से नकिलना | तथा छुट्टी के 30-40- मनिटि बाद घर पहुँचना | उसके बाद सभी वषियीं में होम वर्क और आजकल एक और नयी 'बीमारी', 'ट्यूशन' आ गयी है जो हम स्वयं ही बच्चों को लगाते हैं, शुरु से ही | जरा सोचयिे क्या हम बच्चो को सोने के पजिरे में कैद तो नहीं कर रहे हैं | ध्यान रखें बच्चो को जसि काम को करने के लएि बार-बार बोला जाता है उससे उन्हें चढ़ि होने लगती है | उन्हें बार-बार 'पढो,पढो,पढो' कहना बंद कीजयिे पढाई को खेल बनाइये बच्चो में स्वाध्याय जाग्रत कीजयिे हर बच्चा कोई न कोई रत्न के सामान है जसिकी कोई न कोई उपयोगति तथा मूल्य अवश्य है |

Make your kids and children habitual of writing essays, participate in debates and discussion and many more skill enhancing activities in the schools or at home using such simple essays. We are here to help you all parents in making your kid's better future by providing simple essay on importance of education. Following importance of education essay are easily worded and given under various words limit especially for students. You can select anyone of these according to the class standard:

Better education is very necessary for all to go ahead in the life and get success. It develops confidence and helps building personality of a person. School education plays a great role in everyone's life. The whole education has been divided into three divisions such as the primary education, secondary education and Higher Secondary education. All the divisions of education have their own importance and benefits. Primary education prepares the base which helps throughout the life, secondary education prepares the path for further study and higher secondary education prepares the ultimate path of the future and whole life. Our good or bad education decides that which type of person we would in the future.

It makes us able to become a good doctor, engineer, officer, pilot, teacher, etc in the life whatever we want to become. Regular and proper study leads us towards success by making a goal of life. Earlier the education system was so tough and people from all castes were not able to get education according to their own wish. It was very tough to get admission in the proffered colleges because of high cost. But now it has become so simple and easy to go ahead in the education.

प्रज्ञान का ज्ञान दीपक जलाएँ
कि हम तुम मिलें, इक इरादा बनाएँ ।
ज्योति जगे आज हर मन में ऐसी
कि अज्ञान का हम अंधेरा मिटाएँ ॥

किताबें बनें आज गुरुकुल की गीता
कि शिक्षक के सम्मान में सर झुकारें ।
आखों के आगे हो लक्ष्य हमारे
कि मंथन करें न कदम डगमगाएँ ॥

करें हम ख्यालों को आजाद अपने
करें आत्म चिंतन करें आत्म दर्शन ।
बड़ें उस दिशा में कि दर्पण सा मन हो
जो देखे है पूरे वो ही जाये सपने ॥

वक्त

हर खुशी है । लोगों के दामन में पर
एक हंसी के लिए वक्त नहीं
दिन रात दौड़ती दुनिया में जिन्दगी
के लिए वक्त नहीं
सारे रिश्तों को तौ हम मार चुके पर
अब उन्हें दफनाने के लिए भी वक्त नहीं
सारे नाम तो मोबाइल में है पर
दोस्तों के लिए वक्त नहीं
गेरों का पता करते हैं । पर
अपनों के लिए वक्त नहीं
आँखों में है नींद पर
सोने के लिए वक्त नहीं
दिल है गमों से भरा हुआ
पर सोने के लिए वक्त नहीं
पैसों की दौड़ में ऐसी दौड़
की थकने का भी वक्त नहीं
पराए अहसानों की क्या कद्र करें
जब अपने सपनों के लिए वक्त नहीं
तू ही बता ऐ जिन्दगी इस जिन्दगी का क्या होगा
की हर पल मरने वालों को जीने के लिए भी वक्त नहीं
वाट्सएव फेसबुक तो जिंदा नहीं फिर
भि उनके लिए वक्त है ।
लेकिन जिंदा इंसानों के लिए एक
इंसान के पास वक्त नहीं
